PERFORMANCE

Absolute Safety through 100% RO and UV Purification:
100% water passes through the RO membrane and then UV purification to ensure absolutely safe and healthy drinking water.

Double UV Purification:
Delivers safe, purified and fresh water round the clock. Repurifies stored water through UV every time you turn the tap on.

Mineralz Fortification:
It corrects the pH of purified water, and adds back a wide spectrum of natural minerals with trace elements, which delivers healthier and tastier water always.

Revitalizer:
It restructures the water molecules and makes them biologically active to improve the hydration and mineral absorption.

iProtect Purification Monitoring:
Constantly monitors the purification process and ensures safe water.

CONVENIENCE

Compact Design:
Offers ease in product installation and service. Closed cartridges design offers extra protection against recontaminations during the service.

Smart Alerts:
Process alerts: Self-diagnostic, purification and tank full.
Error alerts: UV, SV, low input water pressure or pump failure.

Floor and Wall Mounting:
Floor and Wall mounting option for installation and easy service

Rotating Faucet:
Chorme finished faucet that rotates 360 degrees.

Ingress Protection Tank:
Prevents external invasion of insects and dust particles.
